

Poster #	Session	First Name	Last Name	Year	Research Categories
90	AM	Sanna	Abbasi	PhD Candidate	Mechanisms of disease
38	AM	Androu	Abdalmalak	PhD Candidate	Detection, screening and diagnosis of health and disease
153	AM	Farah	Abdulsatar	Postdoctoral Scholar	Population, public health and education
39	AM	Juweiriya	Ahmed	MSc Candidate	Detection, screening and diagnosis of health and disease
91	AM	Khadija	Ahmed	MSc Candidate	Mechanisms of disease
40	AM	Ryan	Alfano	MSc Candidate	Detection, screening and diagnosis of health and disease
154	AM	Ahmed	Al-Jaishi	PhD Candidate	Population, public health and education
41	AM	Hayden	Atkinson	PhD Candidate	Detection, screening and diagnosis of health and disease
92	AM	Akina	Au	PhD Candidate	Mechanisms of disease
93	AM	Nawab	Azizi	MSc Candidate	Mechanisms of disease
1	AM	Brandon	Baer	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
29	AM	Cadence	Baker	MSc Candidate	Advancing health services provision and health policy
30	AM	Sierra	Barrett	Medical Student	Advancing health services provision and health policy
94	AM	Kevin	Bartman	PhD Candidate	Mechanisms of disease
31	AM	Nicolas	Bouisset	PhD Candidate	Advancing health services provision and health policy
163	AM	Nick	Bray	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
42	AM	Jeffrey	Brooks	PhD Candidate	Detection, screening and diagnosis of health and disease
155	AM	Adrian	Buttazoni	MSc Candidate	Population, public health and education
95	AM	Christine	Caron	MSc Candidate	Mechanisms of disease
96	AM	Sarah	Chadwick	PhD Candidate	Mechanisms of disease
2	AM	Angela	Chang	Research Assistant/Associate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
43	AM	James	Charbonneau	Resident	Detection, screening and diagnosis of health and disease
80	AM	Jamie	Ching	MSc Candidate	Early life programming and development
3	AM	Joshua	Choi	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
44	AM	Spencer	Christiansen	PhD Candidate	Detection, screening and diagnosis of health and disease
164	AM	Brett	Coelho	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
156	AM	Kiersten	Colbran	Medical Student	Population, public health and education
45	AM	John	Demarco	MSc Candidate	Detection, screening and diagnosis of health and disease
4	AM	Jim	Denstedt	Medical Student	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
97	AM	Tyler	Dexter	MSc Candidate	Mechanisms of disease
5	AM	Charles-Antoine	Dion	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
46	AM	Sarah	Donnelly	MSc Candidate	Detection, screening and diagnosis of health and disease
98	AM	Mihai	Dumbrava	Research Assistant/Associate	Mechanisms of disease
99	AM	Karen	Dunkerley	PhD Candidate	Mechanisms of disease
100	AM	Rachel	Eddy	PhD Candidate	Mechanisms of disease
81	AM	Anish	Engineer	PhD Candidate	Early life programming and development
47	AM	Saravanan	Esakki	PhD Candidate	Detection, screening and diagnosis of health and disease
6	AM	Mohammadreza	Faieghi	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
165	AM	Ariel	Frame	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
101	AM	Roseane	Franco	PhD Candidate	Mechanisms of disease
166	AM	Joyla	Furlano	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
7	AM	Ailsa	Gan	Medical Student	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
102	AM	Ingrid	Gan	PhD Candidate	Mechanisms of disease
82	AM	Mohamed	Gatie	PhD Candidate	Early life programming and development
72	AM	Bishal	Gautam	Postdoctoral Scholar	Determinants of health
48	AM	Fang Zhou	Ge	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
103	AM	Liliana	German-Castelan	PhD Candidate	Mechanisms of disease
104	AM	Hayley	Good	PhD Candidate	Mechanisms of disease
49	AM	Rob	Gray	MSc Candidate	Detection, screening and diagnosis of health and disease
83	AM	Elizabeth	Greco	MSc Candidate	Early life programming and development
84	AM	Faraj	Haddad	PhD Candidate	Early life programming and development
105	AM	Chidambra	Halari	PhD Candidate	Mechanisms of disease
50	AM	Wenchao	Han	PhD Candidate	Detection, screening and diagnosis of health and disease
106	AM	Amber	Harnett	MSc Candidate	Mechanisms of disease

8	AM	Sherain	Harricharan	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
107	AM	Seana	Hill	MSc Candidate	Mechanisms of disease
9	AM	Daphne	Hui	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
108	AM	Jacklyn	Hurst	MSc Candidate	Mechanisms of disease
51	AM	Michael	Iacocca	MSc Candidate	Detection, screening and diagnosis of health and disease
109	AM	Aoi	Ichiyama	MSc Candidate	Mechanisms of disease
10	AM	Kenneth	Ip	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
157	AM	Alexandra	Jackson	MSc Candidate	Population, public health and education
11	AM	Kaitlyn	Jacobs	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
85	AM	Gargi	Jaju	MSc Candidate	Early life programming and development
32	AM	Sarah	Janssen	PhD Candidate	Advancing health services provision and health policy
110	AM	Victoria	Jaremek	Research Assistant/Associate	Mechanisms of disease
52	AM	Peter	Jeon	MSc Candidate	Detection, screening and diagnosis of health and disease
111	AM	Mariyan	Jeyarajah	MSc Candidate	Mechanisms of disease
112	AM	Yuwei	Jiang	PhD Candidate	Mechanisms of disease
33	AM	Samuel	Jumbo	MSc Candidate	Advancing health services provision and health policy
73	AM	Matthew	Kewin	MSc Candidate	Determinants of health
53	AM	Mahro	Khalid	MSc Candidate	Detection, screening and diagnosis of health and disease
167	AM	Reza	Khazae	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
12	AM	Kunmo	Kim	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
74	AM	Nicholas	Kim	MSc Candidate	Determinants of health
54	AM	Jenna	Kitz	MSc Candidate	Detection, screening and diagnosis of health and disease
168	AM	Dorota	Klubowicz	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
113	AM	Hinissan	Kohio	PhD Candidate	Mechanisms of disease
13	AM	Cecilia	Kramar	Postdoctoral Scholar	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
114	AM	Fatima	Kudaeva	MSc Candidate	Mechanisms of disease
158	AM	Emily	Kyle	MSc Candidate	Population, public health and education
115	AM	Rachel	Lackie	PhD Candidate	Mechanisms of disease
14	AM	Chris	Leclerc	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
116	AM	Jasper	Lee	MSc Candidate	Mechanisms of disease
169	AM	Jeffrey	Levine	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
55	AM	Fiona	Li	PhD Candidate	Detection, screening and diagnosis of health and disease
117	AM	Elaine	Liu	MSc Candidate	Mechanisms of disease
86	AM	Marcus	Lo	Research Assistant/Associate	Early life programming and development
118	AM	Asad	Lone	PhD Candidate	Mechanisms of disease
119	AM	Matthew	Maksoud	PhD Candidate	Mechanisms of disease
120	AM	Raanan	Marants	PhD Candidate	Mechanisms of disease
56	AM	Isabelle	McKillop	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
75	AM	Artur	Miranda	PhD Candidate	Determinants of health
15	AM	Shabna	Mohideen	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
121	AM	Alexander	Mosczynski	Research Assistant/Associate	Mechanisms of disease
57	AM	Patrick	Murphy	MSc Candidate	Detection, screening and diagnosis of health and disease
122	AM	Maedeh	Naghbosadat	MSc Candidate	Mechanisms of disease
123	AM	Niharika	Nagrani	Research Assistant/Associate	Mechanisms of disease
58	AM	Tomi	Nano	PhD Candidate	Detection, screening and diagnosis of health and disease
124	AM	Geoffrey	Ngo	MSc Candidate	Mechanisms of disease
125	AM	Rufina	Ning	MSc Candidate	Mechanisms of disease
16	AM	Hareem	Nisar	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
126	AM	Teresa	Nunez de Villavicencio Diaz	PhD Candidate	Mechanisms of disease
17	AM	Nivin	Nyström	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
127	AM	Amanda	Oakie	PhD Candidate	Mechanisms of disease
87	AM	Shelby	Oke	MSc Candidate	Early life programming and development
128	AM	Cathy	Ong Ly	Research Assistant/Associate	Mechanisms of disease
129	AM	Daniel	Palmer	Postdoctoral Scholar	Mechanisms of disease

18	AM	Aanal	Patel	Research Assistant/Associate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
170	AM	Alexandra	Pearce	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
19	AM	Alex	Peidl	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
130	AM	Pirunthan	Perampalam	PhD Candidate	Mechanisms of disease
131	AM	Kia	Peters	PhD Candidate	Mechanisms of disease
76	AM	Conrad	Pitts	Research Assistant/Associate	Determinants of health
132	AM	Martin	Prusinkiewicz	PhD Candidate	Mechanisms of disease
171	AM	Scarlett	Puebla-Barragan	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
59	AM	Daiana	Pur	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
34	AM	Faiza	Rab	PhD Candidate	Advancing health services provision and health policy
133	AM	Michael	Racanelli	MSc Candidate	Mechanisms of disease
35	AM	Sadiq	Raji	PhD Candidate	Advancing health services provision and health policy
77	AM	Adam	Rankin	PhD Candidate	Determinants of health
60	AM	Omar	Raslan	Postdoctoral Scholar	Detection, screening and diagnosis of health and disease
172	AM	Rachel	Reingold	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
134	AM	Jess	Rhee	MSc Candidate	Mechanisms of disease
61	AM	Michael	Robinson	PhD Candidate	Detection, screening and diagnosis of health and disease
20	AM	Alireza	Rohani	Postdoctoral Scholar	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
135	AM	Megan	Rowland	PhD Candidate	Mechanisms of disease
136	AM	Julliane	Santos	PhD Candidate	Mechanisms of disease
62	AM	Roni	Shanoada	Research Assistant/Associate	Detection, screening and diagnosis of health and disease
21	AM	Mayank	Sharma	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
137	AM	Vidhyasree	Shyam	MSc Candidate	Mechanisms of disease
22	AM	Naveed	Siddiqui	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
36	AM	Aref	Sleiman	MSc Candidate	Advancing health services provision and health policy
23	AM	Christopher	Smith	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
63	AM	Nicole	Smith	MSc Candidate	Detection, screening and diagnosis of health and disease
24	AM	Lauren	Solomon	Postdoctoral Scholar	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
64	AM	Olivia	Stanley	PhD Candidate	Detection, screening and diagnosis of health and disease
159	AM	Javeed	Sukhera	PhD Candidate	Population, public health and education
138	AM	Akshay	Sule	MSc Candidate	Mechanisms of disease
139	AM	Rebecca	Sullivan	PhD Candidate	Mechanisms of disease
65	AM	Qin	Sun	MSc Candidate	Detection, screening and diagnosis of health and disease
140	AM	Julia	Sunstrum	MSc Candidate	Mechanisms of disease
78	AM	Imran	Syed	MSc Candidate	Determinants of health
88	AM	Sandra	Szlapinski	PhD Candidate	Early life programming and development
141	AM	Renee	Tanning	PhD Candidate	Mechanisms of disease
173	AM	Ulaina	Tariq	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
142	AM	Kyle	Taruc	MSc Candidate	Mechanisms of disease
160	AM	Leah	Taylor	MSc Candidate	Population, public health and education
79	AM	Braeden	Terpou	MSc Candidate	Determinants of health
143	AM	Yodit	Tesfagiorgis	PhD Candidate	Mechanisms of disease
37	AM	Thaksha	Thavam	MSc Candidate	Advancing health services provision and health policy
144	AM	Anu	Thomas	PhD Candidate	Mechanisms of disease
161	AM	Stephanie	Truelove	PhD Candidate	Population, public health and education
66	AM	Claire	Vannelli	MSc Candidate	Detection, screening and diagnosis of health and disease
162	AM	Helen	Wang	Research Assistant/Associate	Population, public health and education
145	AM	Christine	Wardell	MSc Candidate	Mechanisms of disease
174	AM	Emiley	Watson	MSc Candidate	Prevention of diseases and health conditions and promotion of well-being
67	AM	Andrew	Westcott	MSc Candidate	Detection, screening and diagnosis of health and disease
175	AM	Samantha	Whiteside	Postdoctoral Scholar	Prevention of diseases and health conditions and promotion of well-being
146	AM	Krystyna	Wieczerek	PhD Candidate	Mechanisms of disease
147	AM	Meagan	Wiederman	MSc Candidate	Mechanisms of disease
68	AM	Robin	Wigen	Medical Student	Detection, screening and diagnosis of health and disease
148	AM	Rachel	Wilson	MSc Candidate	Mechanisms of disease

89	AM	Phyo	Win	MSc Candidate	Early life programming and development
149	AM	Ben	Withers	MSc Candidate	Mechanisms of disease
25	AM	Emilie	Woehrle	MSc Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
69	AM	Yee (Michelle)	Wong	MSc Candidate	Detection, screening and diagnosis of health and disease
70	AM	Eric	Wright	PhD Candidate	Detection, screening and diagnosis of health and disease
26	AM	Wenyao	Xia	PhD Candidate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
71	AM	Lawrence	Yip	PhD Candidate	Detection, screening and diagnosis of health and disease
150	AM	Keertika	Yogendirajah	MSc Candidate	Mechanisms of disease
151	AM	Najwa	Zebian	Postdoctoral Scholar	Mechanisms of disease
27	AM	Guangju	Zhao	Postdoctoral Scholar	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
28	AM	Kevin	Zhou	Research Assistant/Associate	Advances in structural and physiological treatment of disease and therapeutic intervention (includes surgery and drugs)
176	AM	Rubai	Zhou	PhD Candidate	Prevention of diseases and health conditions and promotion of well-being
152	AM	Anthony	Zicarelli	MSc Candidate	Mechanisms of disease
